

G.S.L. DENTAL COLLEGE & HOSPITAL

(Promoted by G.S.L. Educational Society, Regd.No.546/1999)

Lr.no GSLDCH & H /RJY /2023/927

Date:17-03-2023

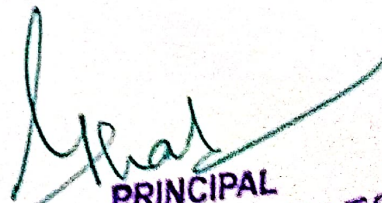

Gender equity and sensitization are a priority for GSL Dental College. In order to raise awareness and create an inclusive learning environment, the institution incorporates gender-sensitive subjects including women's health, rights, and gender equality into the curriculum. To encourage equality, respect for one another, and the value of establishing a secure and encouraging atmosphere for everyone, faculty and students frequently participate in gender-sensitization activities. To ensure that male and female students have equal opportunity for skill development, leadership, and personal growth, the college actively encourages gender-neutral participation in clubs, events, and leadership positions in co-curricular activities.

Additionally, this institution makes sure that its facilities are accessible and well-maintained for women. Hostels for women are outfitted with sufficient security features, such as CCTV monitoring and round-the-clock guards. There are separate restrooms, communal spaces, and recreational amenities available. In order to address concerns of gender discrimination and harassment, the college has a special women's cell that provides female students with assistance and counselling. These programs demonstrate GSL Dental College's dedication to gender parity by fostering an atmosphere in which male and female students can succeed.
