GSL Dental college Hospital

(Promoted by G.S.L. Educational Society, Regd.No.546/1999)

7.3.1 Portray The Performance Of The Institution In One Area Distinctive To Its Priority And Thrust

(Institutional Distinctiveness)

SQUARE ONE

Dental college in association with GSL smart lab has developed a new curriculum called “SQUARE ONE”. It is based on concept of “Entrustable professional activity” which helps in bridging the gap between the theory and practice of competence based dental education. The purpose of “SQUARE ONE” is to adapt more personalized scheme which closely links assessment outcomes to the curriculum of the college. Main objectives of “SQUARE ONE” programme to instill confidence in students, to apply scientific principles to learning healthcare using critical thinking, evidence based clinical decision making and to enhance personal and professional development. As per the regular schedule square 1 classes had been conducted from 2nd to 20th January in 2023 for students who just entered the 3rd year, followed by LMS exam. After qualifying the LMS exam students enter there following year.
