Highlights of AIDEC 2021

The AIDEC 2021 will feature talks by eminent national and international speakers, keynote addresses and plenary talks. The preconference workshop focuses on Platform Switching in Dental Practice which will enhance knowledge and skills. The Conference will also provide an excellent opportunity for networking, sharing cutting edge research, perspectives, and insights in the area of Dentistry. During this four day conference, leading academicians, practitioners and entrepreneurs will actively engage in scientific discussions on diverse fields pertaining to dentistry.

Who will benefit from AIDEC 2021?

- Dental Students
- Dental Academicians
- Dental Practitioners
- Dental Research Scholars
- Dental Technologists
- Dental Auxiliaries
- Entrepreneurs

Welcome to the AIMST International Dental E-Conference (AIDEC 2021). The conference is organised by the Faculty of Dentistry, AIMST University, Malaysia which will be held online using zoom platform from 24th to 27th of June 2021. AIDEC 2021 intends to provide a platform for academicians, practitioners, students, dental technologists, dental auxiliaries and entrepreneurs to exchange knowledge, challenges, recent advances and future perspectives in the multidisciplinary areas of Dentistry. AIDEC 2021 will serve as a digital platform for sharing ideas regarding the topic related to original research, case reports and literature review.

About AIMST University

AIMST University is a premier private university catering to the needs of local and international students. It offers high-quality education that is globally recognised by the relevant professional bodies and industries. The University also emphasises international exposure through a network of numerous international partners. Student-exchange programmes help our students to develop global perspectives and skillsets. As a result, AIMST's graduates enjoy 100% employability within six months of graduation in leading national and global organisations.

Sprawling over 230 acres, the university boasts of modern infrastructure and state-of-art facilities for quality teaching and research. Since its inception in 2001, over 18,000 students from 33 countries have enrolled in its programmes.
