Respected Sir,

I, K. Kohitha student of B BDS studying in GSL dental college, on Monday (11-09-2017) at 10:00 pm, I was in my room and my classmates came to my room and told that second year students came to our room (313/B) for orthodontics instruments by themselves and called me to talk to them. As I was not feeling well I went there and slept for a while. Then my classmates woke me up and I asked Divya Sri of B BDS to call Tushara Priya of B BDS as I wanted to talk to her about college issues. Then Divya Sri came to me and told that Tushara was not feeling well, I told her to bring her and tell her to sit here. Then she came to the room and shouted at me that she was not feeling well and I will not sit here. She stood like that for 2 minutes and I told her not to stand like that and sit on the bed. She denied to sit and the some of my classmates shouted at her and told her that they will complain to Principal. Then I told her to go back to her room and I went to my room from there. This is what happened and I will apology you if you feel any thing went wrong.

Thanking You Sir,

Yours Obediently,

Respected Sir,

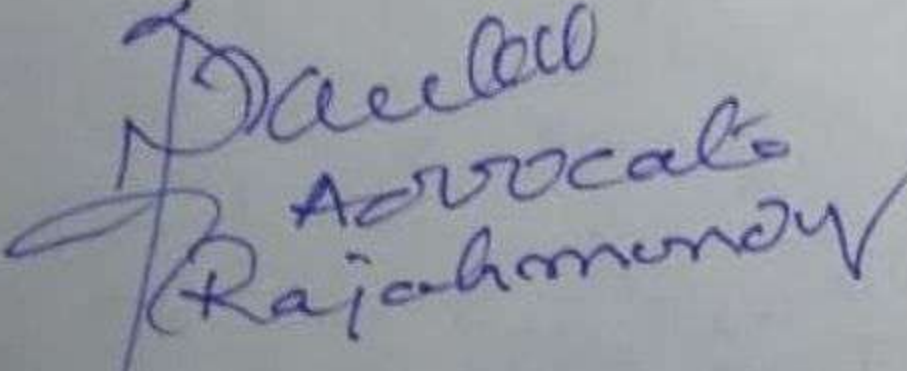

On tuesday (12/09/2017) afternoon my daughter called me telephonically and explained me that some II year student complained against her to Anti Ragging Committee and college authorities instructed to bring your parents.

Immediately I came to college from Nellore and spoken to my daughter, college Principal and Anti-Ragging committee.

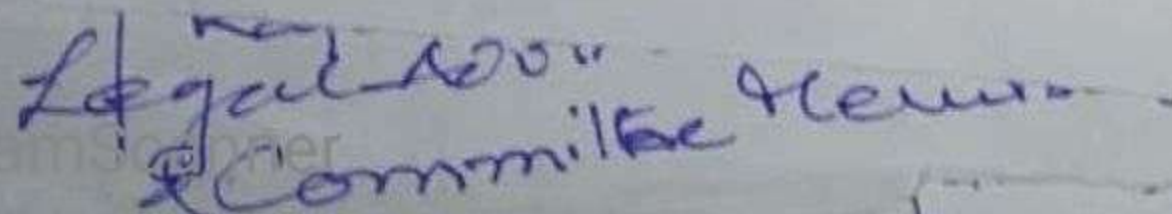

So, In future anything goes wrong with my daughter, I will take complete responsibility and agree what ever action taken against her by the authorities.

Thanking You Sir

Respected Sir,

I M. Tejaswini of BDS IIIrd year studying in GSL Dental college. on Monday night 9:30 pm students of IInd years came for pliers so we refused to give them so we didnot rag them at that time we were in a community meeting model project but we were blamed that we have ragged them. But actually what has happened is that they themselves came to our rooms for instruments but we told them that we will not give them but they didnot leave the place and they stood till 10:30 pm. Later I was not involved in any of the situations what has happened. If in this any of the mistake was there I apologize for what happened and never repeat it again.

Thanking you sir,

Respected Sir,

I Padma Priya - M (parent of M. Tejaswini) was informed by the GSL Dental college that informed that my child has ragged the student of 2nd year, but my child told to me she did not any ragging she did not do any mistake. Actually she told that the student of 2nd year came for the instruments on borrowing basis so she did not give for that she have given a complaint that she ragged her

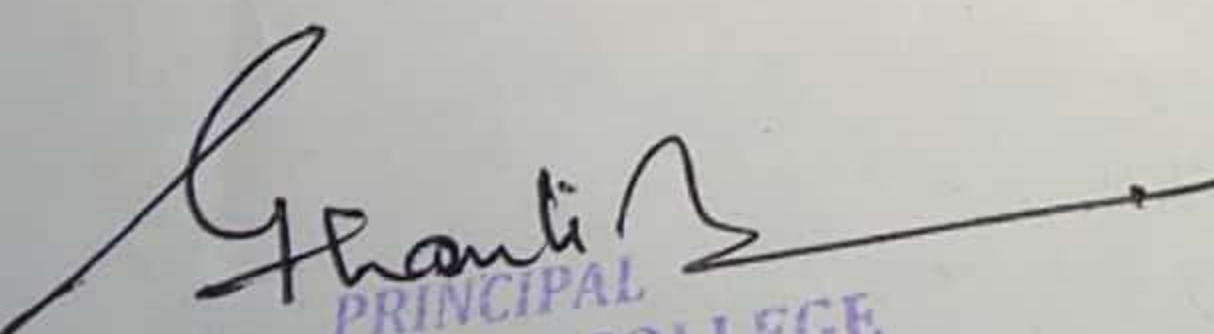

So if my child did any mistake, she did not repeat the same in future. otherwise again if she repeats the same she agreeded to take action against my child by the compitant authority.

Thanking you sir

yours sincerely,

Respected Sir,

As per the information received from your “ Anti-Ragging helpline” dated 11.09.2017 we have called Miss. Teja third year BDS (class representative) and miss. Lohitha third year BDS (cultural representative) and asked for an explanation as to the events that have been taking place over the last few days. In addition to this all the second year students have been called individually and have been counseled to make them feel safe and to an extent that they know the authorities at GSL dental college are with them and action will be taken on their complaint.

The Details as the Investigations

1. The issue is between the 2nd year BDS students and 3rd year BDS students
2. The 2nd year students have gone to the 3rd year students room for instruments.
3. The 3rd year students have refused to share their instruments with 2nd year.

4. The 3rd year student have asked the 2nd year their self details and along with them they have asked to sing songs and tell their famous heros filmi dialogues if they want them to give their instruments.
5. A second year BDS students by name Miss Tushara Priya of second year has been called by Miss Lohitha of third year BDS from her room at 10.30pm and insisted she comes even though she is not feeling well.

Based on the above said facts it has been concluded that there were exchange of words and inconvenience caused to the II years by the III years. Both Tejaswini and Lohitha of III BDS have been asked to call their parents for which the parents responded immediately and came. Both these students along with their parents have been counseled by the committee. As this is the first incidence of this nature the students were issued a memo to the effect that any further involvement and indulgement in any form of ragging will attract severe punishment which may go up to debarring from the college. The parents of the III year students have also be instructed to closely monitor their children and counseled them and in addition have been asked to write a letter to that effect. Miss.Lohitha has been ask to apology for what has being done and has been strictly warned again in presence of all the committee members. Keeping the students future in mind the anti Ragging committee has decided to amicably resolve the above said issue and council all of them and make them feel safe to an extent that they know the authorities of GSL Dental college are with the aggrieved and students involved in ragging are taken to task.

On the above said details the Principal GSL Dental college has taken cognisance of the incidence and called for a meeting with the Anti Ragging Committee and conducted counseling sessions to all the students of the Dental college. Further members of the board have advised all the students to concentrate on their studies and to keep up the name of the college high. However the board members have strictly passed a comment that if any student found guilty with regard to ragging either individually or enmasse will be punished as per the act.
