Whereas, the program for which this MOU is signed is to be known as "**Cancer Screening, Treatment and Control Scheme for Godavari Districts**". This program aims to reduce the morbidity and mortality due to cancer through health education, early detection and provide effective anti-cancer treatment, if required through **Mobile Advanced Medical Unit (MAMU)**.

Shri Maganti Murali Mohan, Member of Parliament representing Rajahmundry Parliament Constituency in Andhra Pradesh, had keen interest and extended his support by sponsoring from **MPLADS** the related Equipments required for this **Mobile Advanced Medical Unit (MAMU)**, in order to ensure timely health check of rural population and has handed over the same to **Second Party** (Medical superintendent, Government District Hospital, Rajahmundry).

The Second Party expressed its inability to carry on with the program, i.e. "**Cancer Screening, Treatment and Control Scheme for Godavari Districts**" due to non-availability of Cancer related experts, Technical staff, related infrastructure, and in addition to *bear the huge running cost of MAMU*.

Whereas the **First Party** is a well established entity having Oncology (cancer) experts and a Cancer hospital with all needed infrastructure, technical staff and other allied requirements.

Whereas the **First party** also provided the chassis of the vehicle, Bed Trailer and a Television screen all costing about **Rs.39.90 lakhs**

Whereas the **First party** expressed its willingness to be a part of the project under Public Private Partnership mode for screening, early detection and treatment of cancer to the needy population of Godavari Districts of Andhra Pradesh under Cancer control program under AP State Health Insurance Schemes like Dr.NTR Aarogyasri/Arogya Raksha / Govt. of India schemes, etc.,

OBJECTIVES OF THIS MOU

- a) To identify and establish the roles and responsibilities of both parties and delivery of comprehensive cancer care
- b) To provide health education, diagnostic facilities and treatment for cancer control
- c) To develop the capacity of paramedical health care providers for detection of cancer in early stages.
